

<h1>SEVEN GENERATIONS CHARTER SCHOOL</h1>	SECTION: STUDENTS
	TITLE: 201 – ADMISSIONS
	ADOPTED: January 1, 2011
	REVISED: December 11, 2012, January 12, 2017, August 8, 2017

Policy	<p>The Board of Trustees of the Seven Generations Charter School (the “Charter School”) recognizes that all resident children in Pennsylvania qualify for admission to the Charter School. The Charter School will comply with the following general admissions policies:</p> <ul style="list-style-type: none"> • The Charter School shall not discriminate in its admission policies or practices on the basis of intellectual ability, athletic ability, measures of achievement or aptitude, status as a person with a disability, proficiency in the English language or any other basis that would be illegal if used by a school district. • No tests will be administered to students in order to determine eligibility for admission. • If more students apply to the Charter School than the number of attendance slots available in the school, then students must be selected on a random basis from a pool of qualified applicants meeting the established eligibility criteria and submitting an application by the deadline established by the Charter School. The procedures to implement this policy are provided below. • The Charter School will use an open enrollment plan to encourage all parents to consider enrolling their children. Any child who is qualified under the laws of Pennsylvania for admission to a public school is qualified for admission to the Charter School. • For admission into Kindergarten enrollment age must be equal to that of the local school district in which the student resides. • Students who meet the minimum entry age for first grade in their local school district but who have not attended Kindergarten will be permitted to enter directly into first grade.
Delegation of Responsibility	The Board of Trustees of Seven Generations Charter School authorizes the Chief Executive Officer (CEO) or his/her designee to enforce this policy
Procedures	<p>Applications for student slots must be submitted by a deadline that will be established and made known by the Charter School. The information that must be provided in the enrollment application is described below.</p> <p>If more students submit applications than can be accommodated by the Charter School’s capacity, a lottery will be held to enroll students on a specified date that will be made known to all applicants and their families.</p>

All students whose enrollment forms were filed by the enrollment deadline will be separated by grade. A lottery will only be held for a particular grade level if more applications are received than can be accommodated for that grade level. Priority for available spaces shall be:

1. Students whose parents actively participated in the development of the Charter School (defined as founding members).
2. Students who have at least one sibling (defined as a child having at least one common parent) currently enrolled in the Charter School.
3. Students who have at least one sibling (defined as a child having at least one common parent) who has been selected for enrollment during the current enrollment period.
4. All other students.

Within each of these priority groupings, students who reside in the chartering district shall receive first preference.

Students will be enrolled based on the above list until a priority level is reached that cannot be fully enrolled. A random drawing of names will then be held until all open slots in each grade level are filled.

A waiting list will be maintained in order drawn by lot, if needed, for the admission of students at a grade level should space become available during the school year. Preference will be given first to students in the chartering district. Students whose applications are received after the deadline will be placed on the waiting list in the order that their applications are received.

Within one week after the lottery has been held, a mailing will be sent to all applicants regardless of their status. This status letter will indicate either that the student has been enrolled or that the student has been placed on the waiting list and the student's place on the waiting list.

The lottery will be conducted at a public meeting and will be presided over by a member of the Board of Trustees or another Board designated person for that purpose.

Each year, an open enrollment period will occur and a new waiting list will be established, if necessary. Students who are currently enrolled will maintain their slot for the following year so long as they provide notice of their intent to return by the deadline established by the Board. Students who are on the waiting list for one school year that do not gain admission will need to reapply to seek admission for the following school year.
