

Our board operates on a consensus basis in all matters, employing the group process methodology of Formal Consensus. We do so because we believe that equality of contribution to decisions greatly increases our ability to find the best and most creative outcomes aligned with our mission, vision and values. We also believe it imperative to engage the most committed form of democracy possible to model our core value of Mutual Respect for our students and community.

In our deliberations, we recognize and remember that all participants in the process always share responsibility for the quality of our experience. Participants place ultimate reliance on the founding ideas of our school—its vision, mission, and values—rather than any personal agenda. The group’s highest intention is to guide the school toward the most profound and creative realizations of those ideas.

Mission

The Seven Generations Charter School is an academically rich educational community creating generations of stewards who embrace our world and each other. All members of the Seven Generations Charter School community are committed to a public education alternative that promotes sustainability and citizenship with an interdisciplinary, individualized, project based curriculum.

Vision

To each Seven Generations student, we pledge:

- An experiential, constructivist approach to education that encourages hands-on learning in the community as well as in the classroom
- A culturally rich atmosphere that celebrates the expansive world around us
