

Seven Generations Charter School

Third Grade Student Supply List

2017-2018 School Year

NOTE: Seven Generations will continue to use the “Responsive Classroom” program in all classrooms this year. Through Responsive Classroom principles, we work to establish a strong sense of community. Many of our consumable supplies will be stored and used collectively in our classrooms. Therefore, there is no need to label consumable school supplies such as markers, paper, and crayons. **Please label personal items with a permanent marker** as this makes for a better organized classroom!

Lunch Packing Tips:

At Seven Gen, we try to generate the least amount of garbage possible. We use a “pack in and pack out” policy which means that whatever comes in with lunch must go back home in the lunch box.

We recommend the following lunch packing tips to save money and reduce waste:

- Instead of juice boxes or pouches, purchase small thermos with a tight fitting lid or have your child use his or her water bottle.
- Instead of packaged foods like Lunchables, purchase a sectioned container that can be filled with different foods. This can be washed and reused daily.
- Instead of individual applesauce, pudding, etc., stock up on larger jars and use reusable containers to portion foods.
- If you do pack items that will create waste, please send a sandwich sized zip-lock bag so that used food items do not create a mess inside your child’s lunch box when they are finished.
