Lunch-Packing Tips:

At Seven Gen we try to generate the least amount of garbage possible. We use a “pack in and pack out” policy, which means that whatever comes in with lunch, leaves in the lunch box. We recommend the following lunch-packing tips to save money and reduce waste:

- Instead of juice boxes or pouches, purchase a small thermos with a tight-fitting lid, or ask your child to use his/her water bottle.
- Instead of packaged foods like Lunchables, purchase a sectioned container that can be filled with different foods. This can be washed and re-used daily.
- Instead of individual applesauces, puddings, etc., stock up on large jars and re-use containers.
- If you do pack items that will create waste, such as pouches of applesauce, pudding, or Dole fruit cups, send in a sandwich-sized ziplock bag for the waste. This way, the used item does not create a mess inside your child’s lunch box after they are finished with it.
