***Annual Notification of Rights under Family Educational Rights and Privacy Act (FERPA) for the Current School Year /Notice to Parents and Guardians Regarding the Disclosure of Student “Directory Information”***

The Family Educational Rights and Privacy Act (FERPA), a federal law, affords parents, legally emancipated students, and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

These rights are briefly summarized below and are explained more fully in the Board’s Student Records Policy which is on file at the school and is available upon request:

1. The right to inspect and review the student’s education records within 45 days of the day Seven Generations Charter School (“Charter School”) receives a request for access. Parents or eligible students should submit to the CEO a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
  
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the Charter School to amend a record that they believe is inaccurate or misleading. They should write the CEO, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the Charter School decides not to amend the record as requested by the parent or eligible student, the Charter School will notify the parent or eligible student of the decision and advise him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
  
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official may include a person employed by the Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law unit personnel); a person serving on the Board; a person or company with whom the Charter School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); contractors, consultants, volunteers, and other outside service providers used by the Charter School; or a parent or student serving on official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the Charter School discloses education records without consent to officials of another school, school district, school system, or institution of higher learning in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

**Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue SW  
Washington, D.C. 20202-4605**
